

Product Size (Stator Winding)

SIZE $\phi 12\text{mm} \sim \phi 600\text{mm}$

Production Volume

Min. 1,
Max. 10,000/year

We are specialized in multi-product low-volume manufacturing of high-spec motors.

Major Manufacturing Equipment in Our Facilities

Coil Winding Machines

including those for nozzle winding, spindle winding,
self-bonding wires, etc.

Fusing Equipment

YAG Welding Machine

TIG Welding Machine

Vacuum Resin Casting Machine

Vacuum Drying Oven

Vacuum Mixer

Injection Molding Machine

Varnish Dip Tank

Balancing Machine

Resin 3D Printer

3D Coordinate Measuring Machine

GOKO DENKO

We will realize the product you want.

STATOR ASSY

Winding

- Soldering
- Brazing
- Varnishing
- Injection molding

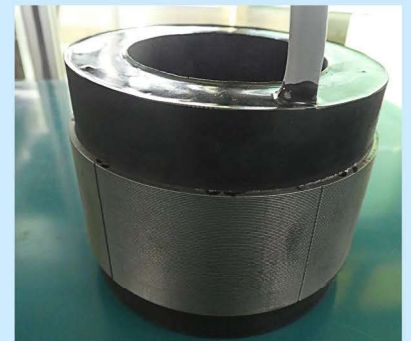

Coil inserting

Lacing

Assembling

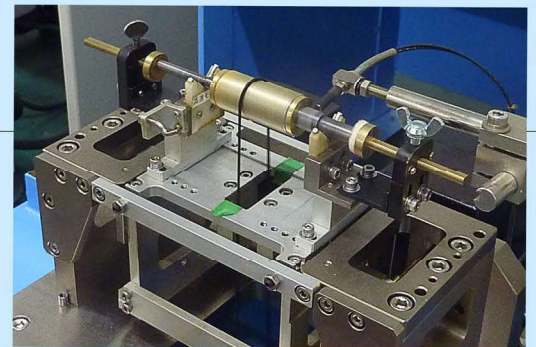

Molding

ROTOR ASSY

- Assembling
- Press fitting
- Magnet bonding

Magnet bonding

Balancing

MOTOR ASSY

- Shrinkage fitting
- Tuning
- Validation

Motor assembling
